From the Media Center

Color Printer Available for Students

Media Center Hours

7:10-4:15

Media Specialist
Penny Hood

Media Assistant
Sheila Ogle

A new HP color laser printer now makes its home in the Media Center. With multiple requests for illustrations and projects by students, the printer should see lots of activity. To help offset the pricey cartridges it requires, cost for printing is 50¢ per page. Please advise students of the cost before beginning your next class project.

Meeting the Standards

Language arts classes have scheduled regular Media Center time this semester to help assure that students are working toward the state-mandated reading goals. Books from their suggested reading lists were added to the new book order placed recently. These, plus many new titles are appearing on shelves this week. Mrs. Widener's classes are beginning research papers

and visited the Media Center to learn about Galileo and shortcuts to citing sources in MLA format.

If your department would like specific books or topics added to the collection, email preagan@heard.k12.ga.us. I'll be glad to work with you to develop a list of fiction or nonfiction books that correlate with your standards.

A replacement for the Letter "K" has been ordered for the Ellison machine. Finally Krispy Kreme, Kremlin, and karyotype can be added back to the school vocabulary.
