Indisputably it can be said that great things are happening here at *The Warcry*. Many changes have taken place over just the past four years that I have been a member of the staff, and many more changes are to come. Just recently, our very own school newspaper has been asked to submit articles for the local newspaper, *The Times Journal*. This

year we have only thirteen staff members, but next year we have hopes of increasing that number up to possibly twenty. These people will not only add to the number of writers that we have, but also the number of topics and opportunities that we have to write about.

The staff has begun covering more county news such as county commission meetings, city council meetings, and will soon begin including news from our recreation department. With all of these new subjects being written about, we

need to hear from our readers. We don't always like what we read in magazines, newspapers and online media. Sometimes, we love the article and want to add our two cents. If you have something to say, say it! What do you like or dislike about the things we are covering? Do you have any ideas about things that should be covered in our newspaper? Do you strongly agree or disagree with our opinions? Write to us and tell us about it. Letters to the editor have played a vital role in forming public opinion and influ-

encing what we write about. Letters to the Editor are going to be very important to the continual growth of *The Warcry*.

Sincerely,

*Blake Alford*
